

## Whangaroa Ngaioitonga A3 Trust – Silviculture Contract

Whangaroa Ngaioitonga A3 Trust (The Trust) is seeking expressions of interest from suitably qualified contractors wishing to participate in a competitive process to provide silvicultural services for their ngahere located at Bland Bay, Whangaruru, Northland.

- Approximately 207 Ha of P. radiata to be thinned over the next 12 months.
- Potential for mechanized thinning as well as manual thinning.
- Rolling to medium hill country suitable for mechanized thinning operations.
- Second rotation tree crop, with existing internal road access to all blocks.
- The Trust will consider reasonable proposals for thinning the tree crop on a per-hectare basis. We are prepared to consider any of the following techniques from suitably equipped qualified operators:
  - Chemical Thin to Waste.
  - Motor Manual Thin to Waste (Chainsaws).
  - Mechanical Thin to Waste (Excavator based).
- Information memorandum at <https://www.forme.co.nz/whangaroa-ngaiotonga-a3-trust>

Further enquiries can be made by email to Paul McCreedy at [paul@forme.co.nz](mailto:paul@forme.co.nz)
